Compton Creek Mosquito Abatement District

From: John Franklin, General Manager

Date: September 22, 2025

Re: General Manager's Report for September 2025

WEATHER

Temperatures at Noon:	High – 93	Low – 78	Ave. – 86
Days Clear – 23	Overcast – 0		
Service Requests – 0	Rain – 0		

OPERATIONAL REPORT

The District continued its summer surveillance program which included inspections for mosquito breeding throughout the months of August and September. District personnel continue to routinely inspect public areas, such as street gutters, catch basins, box drains, swimming pools, etc., for any evidence of mosquito breeding. The area(s) in which breeding was found were treated appropriately. The District inspected Compton Creek for breeding in the month of September. No breeding was found in Compton Creek.

MANAGER'S REPORT

Public Education

The District has continued its public awareness campaign to promote public safety through effective mosquito control and shared public responsibility. Social media platforms are being updated daily with information, stories, and best practices for protecting yourself from mosquitoes. District personnel are also in the neighborhoods daily, distributing mosquito awareness literature and promoting the District's message directly to residents.

On September 13, 2025, CCMAD participated in the Compton High School Alumni Family Reunion that took place at Davis Middle School, 621 S. Poplar, Compton, CA 90220. The General Manager of CCMAD provided attendees with informational pamphlets and discussed information regarding mosquito breeding prevention and West Nile Virus.

West Nile Virus

On September 12, 2025, the Coachella Valley Mosquito and Vector Control District scheduled truck-mounted mosquito control applications in the city of Coachella between 12am and 5am. The Coachella Valley Mosquito and Vector Mosquito and Vector Control District have no positive human cases of mosquito borne illnesses to date.

District Modernization Project

Solutions Coating Inc will begin repairs on the district's ponds starting Tuesday, October 07, 2025. Repairs are scheduled to be completed by October 11, 2025.
