| Service Requests – 2  | Rain – 0     |          |           |

---

### **OPERATIONAL REPORT**

The District continued its spring surveillance program which included inspections for mosquito breeding throughout the month of July. District personnel continue to routinely inspect public areas, such as street gutters, catch basins, box drains, swimming pools, etc., for any evidence of mosquito breeding. The area(s) in which breeding was found were treated appropriately. The District inspected Compton Creek for breeding in the month of August. No breeding was found in Compton Creek.

### **MANAGER'S REPORT**

#### **Public Education**

The District has continued its public awareness campaign to promote public safety through effective mosquito control and shared public responsibility. Social media platforms are being updated daily with information, stories, and best practices for protecting yourself from mosquitoes. District personnel are also in the neighborhoods daily, distributing mosquito awareness literature and promoting the District's message directly to residents.

#### **West Nile Virus**

On June 26, 2026, the City of Long Beach confirmed a positive human case of (WNV). The City of Long Beach has continued their efforts to eliminate mosquito breeding and monitoring (WNV) mosquito pools. West Nile virus is transmitted through the bite of an infected mosquito. Although most people infected experience mild or no symptoms, older adults and people with certain underlying health conditions can develop serious illness.

### California Special Districts Association General Managers Summit

From June 28<sup>th</sup> through June 30, 2026, the CCMAD General Manager attended the (CSDA) General Manager Summit in Newport Beach, CA. The breakout sessions that the General Manager attended were:

- SB 707 and the Brown Act: What General Managers need to know now.
- Building resilient operations through emergency preparedness.
- From Ambiguity to Action: Framing decisions as a GM.
- Protecting public trust by protection your systems.
- Your website may be compliant, but are your documents?
