Compton Creek Mosquito Abatement District

From: John Franklin, General Manager

Date: February 09, 2026

Re: General Manager’s Report for February 2026

WEATHER

Temperatures at Noon: High – 88 Low – 62 Ave. – 76
Days Clear – 17 Overcast – 2
Service Requests – 0 Rain – 0”

OPERATIONAL REPORT

The District continued its winter surveillance program which included inspections for mosquito breeding throughout the month of December. District personnel continue to routinely inspect public areas, such as street gutters, catch basins, box drains, swimming pools, etc., for any evidence of mosquito breeding. No breeding was found.

MANAGER’S REPORT

Public Education

The District has continued its public awareness campaign to promote public safety through effective mosquito control and shared public responsibility. Social media platforms are being updated daily with information, stories, and best practices for protecting yourself from mosquitoes. District personnel are also in the neighborhoods daily, distributing mosquito awareness literature and promoting the District’s message directly to residents.

MVCAC 94th Annual Conference

The Mosquito and Vector Control Association of California (MVCAC) held its 94th Annual Conference at the Omni Rancho Las Palmas in Ranch Mirage California from February 1-3, 2026. The General Manager was in attendance for multiple sessions which included:

- 2024 Denge Surge in Human Cases
- Analysis of the costs of Mosquito pool testing
- California West Nile Virus Forecasting Challenges in 2024 and 2025
