To: Micah Ali, Margaret Comer, John Shelton, Jonathon Bowers, and Tana McCoy
Compton Creek Mosquito Abatement District

From: John Franklin, General Manager

Date: November 2, 2026

Re: General Manager's Report for November 2026

WEATHER

Temperatures at Noon:	High – 102	Low – 65	Ave. – 80
Days Clear – 18	Overcast – 2		
Service Requests – 3	Rain – ¾"		

OPERATIONAL REPORT

The District has now moved to its "End of Season" (Autumn) surveillance program which included inspections for mosquito breeding throughout the month of October. While also making preparation for rain that is expected this autumn and winter. District personnel continue to routinely inspect public areas, such as street gutters, catch basins, box drains, swimming pools, etc., for any evidence of mosquito breeding. The area(s) in which breeding was found were treated appropriately. Swimming pools that are not being properly maintained have been a top priority for CCMAD due to the number of cases of West Nile Virus this mosquito breeding season.

MANAGER'S REPORT

Public Education

The District has continued its public awareness campaign to promote public safety through effective mosquito control and shared public responsibility. Social media platforms are being updated daily with information, stories, and best practices for protecting yourself from mosquitoes. District personnel are also in the neighborhoods daily, distributing mosquito awareness literature and promoting the District's message directly to residents.

Annexation

Reorganization No. 2018-08 will appear on the November 18th LAFCO agenda. It is an anticipation that the Certificate of Competition will be recorded with the Los Angeles County Register Recorder/County Clerk sometime during the week of December 28th. Which is after the 30-day reconsideration period.
